INDEX TO VOLUME 34

PAGE

Abramson, H. A.: Determination of phenolsulphonephthalein in urine in jaundice 714
Acid, lactic, alleged rôle of, in arthritis and rheumatoid conditions; F. A. Cajori, C. Y. Crouter and R. Pemberton..... 566
Addis, T., and Foster, M. G.: Concentrating capacity of kidney..... 462
—Myers, B. A., and Oliver, J.: Regulation of renal activity; effect of unilateral nephrectomy on function and structure of remaining kidney 243
Adhesions in upper right abdomen; clinical test compared with roentgen-ray findings; R. T. Ellison..... 721
Amino-acid content of blood in various pathologic conditions; H. M. Feinblatt and I. Shapiro..... 690
Andrus, E. C., Dieuaide, F. R., and Carter, E. P.: Consideration of cardiac arrhythmias on basis of local circulatory changes..... 669
Anemia, association of achylia and anemia of different types in 3 members of same family, and behavior of color index in pernicious anemia; K. Faber and H. C. Gram..... 827
relations between gastric achylia and; K. Faber and H. C. Gram..... 658
sickle cell, case of, with necropsy; G. S. Graham..... 778
Angina pectoris, mechanism of; W. D. Reid..... 137
surgical treatment of; P. K. Brown and W. B. Coffey..... 417
Aortitis, syphilitic aortic insufficiency; R. W. Scott..... 645
syphilitic, incidence of, with interstitial and parenchymatous neurosyphilis; J. H. Musser, Jr., and A. E. Bennett..... 833
Arrhythmia, consideration of cardiac arrhythmias on basis of local circulatory changes; E. P. Carter, E. C. Andrus, and F. R. Dieuaide..... 669
Arthritis, alleged rôle of lactic acid in; F. A. Cajori, C. Y. Crouter and R. Pemberton 566
Ashby, W.: Present status of question of length of life of unagglutinable transfused red blood corpuscle..... 481
Asthma diagnosis, autogenous vaccines in; preliminary report; W. S. Thomas, L. W. Famulener and M. DeM. Touart..... 85
treatment of, with autogenous vaccines; W. S. Thomas and M. DeM. Touart 79

Bacillus, fusiform, studies in fusiform bacilli and spirochetes; their rôle in pulmonary abscess, gangrene and bronchiectasis; I. Pilot and D. J. Davis..... 313
Bennett, A. E., and Musser, J. H., Jr.: Incidence of syphilis of aorta with interstitial and parenchymatous neurosyphilis..... 833
Berger, H. C., and Montgomery, J. G.: Treatment of pneumonias in children; report to date on our experimental and clinical results, using blood and serum of chickens..... 866
Bile, cholesterol content of, experimental and clinical significance of; H. L. Bockus and J. Eiman..... 161
Blood, amino-acid content of, in various pathologic conditions; H. M. Feinblatt and I. Shapiro..... 690
diastatic activity of; value in clinical diagnosis; I. C. Brill..... 542
dyscrasias, familial; L. M. Morris and E. H. Falconer..... 757
fibrin, clinical study of, with observations in normal persons, pregnant women, and in pneumonia and liver disease; D. P. Foster..... 301
phosphorus; its relation to cancer and anemia; T. E. Buckman, G. R. Minot, G. A. Daland and M. Weld..... 181
pressure, high, association of hypertension with suprarenal tumors; B. S. Oppenheimer and A. M. Fishberg..... 631
pressure, high, cases of marked hypertension, adequate renal function and neuroretinitis; H. P. Wagener and N. M. Keith..... 374

PAGE

Blood—Continued
pressure, high, interpretation of increased blood uric acid in; A. M. Fishberg 503
pressure, venous, clinical studies on; J. A. E. Eyster and W. S. Middleton 228
transfusion, present status of question of length of life of unagglutinable transfused red blood corpuscle; W. Ashby 481
uric acid, increased, in hypertension, interpretation of; A. M. Fishberg.. 503
Bloom, W., and Rosenau, W. H.: Reaction of liver to phenoltetrachlorphthalein in early obstructive jaundice 446
Bockus, H. L., and Eiman, J.: Experimental and clinical significance of cholesterol content of bile 161
Boldyreff, W. N., and Kellogg, J. H.: Influence of different kinds of oil, introduced into rectum, on gastric secretion 726
Book Reviews:
Basal Metabolism in Health and Disease; E. F. DuBois 890
Charles White and the Arrest of Puerperal Fever; J. G. Adami 735
Clinical Aspects of the Electrocardiogram; a Manual for Physicians and Students; H. E. B. Pardee 737
Diabetic Manual for the Mutual Use of Doctor and Patient; E. P. Joslin 891
Fünfzig Jahre Neurologie; C. von Monakow 266
General and Experimental Pathology; H. Pfeiffer 416
Human Protozoology; R. W. Hegner and W. H. Taliaferro 737
Laboratory Diagnosis of Syphilis; H. Noguchi 136
Lehrbuch der klinischen Diagnostik Innerer Krankheiten, mit besonderer Berueecksichtigung der Untersuchungsmethoden; P. Krause 891
Medical Department of the United States Army in the World War, Volume I 266
Medical Department of the United States Army in the World War, Volume XI 890
Methodik der Rontgentiefentherapie; E. Pohle and H. Jarre 136
Paleopathology; an Introduction to the Study of Ancient Evidences of Disease; R. L. Moodie 735
Textbook of Pharmacology and Therapeutics, or the Action of Drugs in Health and Disease; A. R. Cushny 584
Zur Therapie des Karzinoms mit Rontgenstrahlen; F. Dessauer 136
Brannan, D., and Goodpasture, E. W.: Pathology of pneumonia caused by Bacillus influenzae during inter-epidemic period 739
Brill, I. C.: Studies in diastatic activity of blood, with consideration of its value in clinical diagnosis 542
Brown, P. K., and Coffey, W. B.: Surgical treatment of angina pectoris.. 417
Buckman, T. E., and others: Blood phosphorus; its relation to cancer and anemia 181
Burwell, C. S., and White, P. D.: Effects of mitral stenosis, pulmonic stenosis, aortic regurgitation and hypertension on electrocardiogram 529

Cajori, F. A., Crouter, C. Y., and Pemberton, R.: Alleged rôle of lactic acid in arthritis and rheumatoid conditions 566
Cancer, blood phosphorus; its relation to cancer and anemia; T. E. Buckman, G. R. Minot, G. A. Daland and M. Weld 181
Carter, E. P., Andrus, E. C., and Dieuaide, F. R.: Consideration of cardiac arrhythmias on basis of local circulatory changes 669
Cerebrospinal fluid, acetone in, fatal case of juvenile diabetic coma with insignificant ketonuria and; H. M. Feinblatt 508
Cholesterol metabolism, relation of suprarenals to; J. J. Joelson and E. Shorr 841
Coffey, W. B., and Brown, P. K.: Surgical treatment of angina pectoris.. 417
Crouter, C. Y., Pemberton, R., and Cajori, F. A.: Alleged rôle of lactic acid in arthritis and rheumatoid conditions 566
Curtis, G. M.: Production of experimental diabetes insipidus 801

Daland, G. A., and others: Blood phosphorus; its relation to cancer and anemia 181

PAGE

Davis, D. J., and Pilot, I.: Studies in fusiform bacilli and spirochetes; their rôle in pulmonary abscess, gangrene and bronchiectasis..... 313
De Eds, F.: Fate of hexamethylenamin in body and its bearing on systemic antisepsis 511
Delprat, G. D., Epstein, N. N., and Kerr, W. J.: New liver function test; elimination of rose bengal when injected into circulation of human subjects 533
Diabetes Insipidus, experimental, production of; G. M. Curtis..... 801
Diabetes mellitus, contribution to its epidemiology based chiefly on mortality statistics; H. Emerson and L. D. Larimore..... 585
juvenile, report of fatal case of juvenile diabetic coma with insignificant ketonuria, and with large amount of acetone in spinal fluid; H. M. Feinblatt 508
muscular efficiency of patients with; R. Fitz and W. P. Murphy..... 402
Dieuaide, F. R., Carter, E. P., and Andrus, E. C.: Consideration of cardiac arrhythmias on basis of local circulatory changes..... 669
Dye, M., and Strouse, S.: Studies on metabolism of obesity; relation between food intake and body weight in some obese persons..... 267
—Strouse, S., and Wang, C. C.: Studies on metabolism of obesity; basal metabolism 275

Eiman, J., and Bockus, H. L.: Experimental and clinical significance of cholesterol content of bile..... 161
Electrocardiogram, effects of mitral stenosis, pulmonic stenosis, aortic regurgitation and hypertension on; P. D. White and C. S. Burwell.. 529
Ellison, R. T.: Adhesions in upper right abdomen..... 721
Emerson, H., and Larimore, L. D.: Diabetes mellitus; contribution to its epidemiology based chiefly on mortality statistics..... 585
Epilepsy, laboratory studies in; fractional gastric analysis; J. Felsen.... 147
Epstein, N. N., Kerr, W. J., and Delprat, G. D.: New liver function test; elimination of rose bengal when injected into circulation of human subjects 533
Erythrocytes, hemoglobin content of, in relation to their surface area; preliminary report; I. M. Rabinowitch and G. Strean..... 124
present status of question of length of life of unagglutinable transfused red blood corpuscle; W. Ashby..... 481
Eyster, J. A. E., and Middleton, W. S.: Clinical studies on venous pressure. 228

Faber, K., and Gram, H. C.: Association of achylia and anemia of different types in 3 members of same family, and behavior of color index in pernicious anemia..... 827
Relations between gastric achylia and simple and pernicious anemia..... 658
Falconer, E. H., and Morris, L. M.: Familial blood dyscrasias..... 757
Famulener, L. W., Touart, M. DeM., and Thomas, W. S.: Autogenous vaccines in diagnosis, with special reference to asthma..... 85
Feinblatt, H. M.: Report of fatal case of juvenile diabetic coma with insignificant ketonuria, and with large amount of acetone in spinal fluid.. 508
—and Shapiro, I.: Amino-acid content of blood in various pathologic conditions 690
Felsen, J.: Laboratory studies in epilepsy; fractional gastric analysis..... 147
Fishberg, A. M.: Interpretation of increased blood uric acid in hypertension 503
—and Oppenheimer, B. S.: Association of hypertension with suprarenal tumors 631
Fitz, R., and Murphy, W. P.: Muscular efficiency of patients with diabetes mellitus 402
Foster, D. P.: Clinical study of blood fibrin, with observations in normal persons, pregnant women, and in pneumonia and liver disease..... 301
Foster, M. G., and Addis, T.: Concentrating capacity of kidney..... 462
Foster, W. C., and Hausler, R. W: Studies on acute intestinal obstruction; acute strangulation..... 697
Studies of acute intestinal obstruction; different types of obstruction produced under local anesthesia..... 97

PAGE

Galactose, metabolism of; threshold of tolerance in normal adults; A. W. Rowe 388
Gallbladder, effect of cholecystectomy on gastric secretion; J. Meyer, A. C. Ivy and E. T. McEnery..... 129
drainage, experimental and clinical significance of cholesterol content of bile; H. L. Bockus and J. Eiman..... 161
drainage, rational use of duodenal drainage, attempt to establish a conservative estimate of value of, in diagnosis of biliary tract pathology; C. M. Jones..... 60
Garland, R., and Nuzum, F. R.: Quantitative amount of lipoid material in kidney and its relation to functional response in experimental nephritis 108
Goiter, exophthalmic, effect of iodin in; P. Starr, H. N. Segall, and J. H. Means 355
Goldsmith, L., Ottenberg, R., and Rosenfeld, S.: Clinical value of serum-tetrachlorphenolphthalein test for liver function..... 206
Gonzalez, A., and Karr, W. G.: Comparative study of the phenoltetrachlorphthalein and hemoclastic tests of liver function..... 282
Goodpasture, E. W., and Brannan, D.: Pathology of pneumonia caused by Bacillus influenzae during inter-epidemic period..... 739
Graham, G. S.: Sickle cell anemia with necropsy..... 778
Gram, H. C., and Faber, K.: Association of achylia and anemia of different types in 3 members of same family, and behavior of color index in pernicious anemia 827
Relations between gastric achylia and simple and pernicious anemia..... 658
Graves, W. W.: Relations of scapular types to problems of human heredity, longevity, morbidity and adaptability in general..... 1

Hausler, R. W., and Foster, W. C.: Studies on acute intestinal obstruction; acute strangulation..... 697
Studies of acute intestinal obstruction; different types of obstruction produced under local anesthesia..... 97
Head, G. D.: Case of pellagra—its bearing on etiology and cure of disease 93
Heart, calcification of; its roentgenologic demonstration; review of literature and theories on myocardial calcification; T. Scholz..... 32
nasal accessory sinuses in cardiopathies; preliminary report; J. W. Miller 177
Hemochromatosis, its frequency and occurrence in women; E. S. Mills.... 292
Hemoclastic test of liver function, comparative study of phenoltetrachlorphthalein and; A. Gonzalez and W. G. Karr..... 282
Heredity, relations of scapular types to problems of human heredity, longevity, morbidity and adaptability in general; W. W. Graves..... 1
Hexamethylenamin, fate of, in body and its bearing on systemic antisepsis; F. De Eds..... 511
Hyperthyroidism, vital capacity of lungs and its significance in; C. A. McKinlay 168

Influenza bacillus, pathology of pneumonia caused by, during inter-epidemic period; D. Brannan and E. W. Goodpasture..... 739
Intestines, obstruction; acute strangulation; W. C. Foster and R. W. Hausler 697
obstruction, different types of, produced under local anesthesia; R. W. Hausler and W. C. Foster..... 97
Ivy, A. C., McEnery, E. T., and Meyer, J.: Effect of cholecystectomy on gastric secretion..... 129

Jaundice, determination of phenolsulphonephthalein in urine in; H. A. Abramson 714
obstructive, reaction of liver to phenoltetrachlorphthalein in; W. Bloom and W. H. Rosenau..... 446
Joelson, J. J., and Shorr, E.: Relation of suprarenals to cholesterol metabolism 841
Jones, C. M.: Rational use of duodenal drainage; an attempt to establish a conservative estimate of value of this procedure in diagnosis of biliary tract pathology 60

PAGE

Karr, W. G., and Gonzalez, A: Comparative study of the phenoltetrachlorphthalein and hemoclastic tests of liver function..... 282
Keith, N. M., and Wagener, H. P.: Cases of marked hypertension, adequate renal function and neuroretinitis..... 374
Kellers, I., and Meleney, H. E.: Mitral stenosis without rheumatic fever in North China..... 455
Kellogg, J. H., and Boldyreff, W. N.: Influence of different kinds of oil, introduced into rectum, on gastric secretion..... 726
Kerr, W. J., Delprat, G. D., and Epstein, N. N.: New liver function test; elimination of rose bengal when injected into circulation of human subjects..... 533
Kidney, concentrating capacity of; T. Addis and M. G. Foster..... 462
function, quantitative index of; thermodynamic considerations in the estimation of renal efficiency; I. M. Rabinowitch..... 365
function, regulation of renal activity; effect of unilateral nephrectomy on function and structure of remaining kidney; T. Addis, B. A. Myers and J. Oliver..... 243
function, regulation of renal activity; morphologic study; J. Oliver.... 258

Larimore, L. D., and Emerson, H.: Diabetes mellitus; contribution to its epidemiology based chiefly on mortality statistics..... 585
Leukocytes, determination of resistance of; J. J. Sampson..... 490
Lipoid material, quantitative amount of, in kidney and its relation to functional response in experimental nephritis; F. R. Nuzum and R. Garland..... 108
Liver function test, clinical value of serum-tetrachlorphenolphthalein test; R. Ottenberg, S. Rosenfeld and L. Goldsmith..... 206
function test, new; elimination of rose bengal when injected into circulation of human subjects; G. D. Delprat, N. N. Epstein and W. J. Kerr 533
function tests, comparative study of phenoltetrachlorphthalein and hemoclastic tests; A. Gonzalez and W. G. Karr..... 282

McEnery, E. T., Meyer, J., and Ivy, A. C.: Effect of cholecystectomy on gastric secretion..... 129
McKinlay, C. A.: Vital capacity of lungs and its significance in hyperthyroidism..... 168
Means, J. H., Starr, P., and Segall, H. N.: Effect of iodin in exophthalmic goiter..... 355
Meleney, H. E., and Kellers, I.: Mitral stenosis without rheumatic fever in North China..... 455
Mesothelioma of pleura; I. T. Zeckwer..... 191
Metabolism, basal, basal pulse rate and pulse pressure changes accompanying variations in; J. M. Read..... 553
Meyer, J., Ivy, A. C., and McEnery, E. T.: Effect of cholecystectomy on gastric secretion..... 129
Middleton, W. S., and Eyster, J. A. E.: Clinical studies on venous pressure 228
Miller, J. W.: Nasal accessory sinuses in cardiopathies..... 177
Mills, E. S.: Hemochromatosis with special reference to its frequency and to its occurrence in women..... 292
Minot, G. R., and others: Blood phosphorus; its relation to cancer and anemia..... 181
Mitral stenosis without rheumatic fever in North China; H. E. Meleney and I. Kellers..... 455
Montgomery, J. G., and Berger, H. C.: Treatment of pneumonias in children; report to date on our experimental and clinical results, using blood and serum of chickens..... 866
Morris, L. M., and Falconer, E. H.: Familial blood dyscrasias..... 757
Murphy, W. P., and Fitz, R.: Muscular efficiency of patients with diabetes mellitus..... 402
Muscular efficiency of patients with diabetes mellitus, R. Fitz and W. P. Murphy..... 402
Musser, J. H., Jr., and Bennett, A. E.: Incidence of syphilis of aorta with interstitial and parenchymatous neurosyphilis..... 833

PAGE

Myers, B. A., Oliver, J., and Addis, T.: Regulation of renal activity; effect of unilateral nephrectomy on function and structure of remaining kidney 243

Nephrectomy, unilateral, effect of, on function and structure of remaining kidney; T. Addis, B. A. Myers and J. Oliver..... 243
unilateral, regulation of renal activity; morphologic study; J. Oliver.... 258
Nephritis, experimental, quantitative amount of lipoid material in kidney and its relation to functional response in; F. R. Nuzum and R. Garland 108
Neuroretinitis, cases of marked hypertension, adequate renal function, and; H. P. Wagener and N. M. Keith..... 374
Neurosyphilis, incidence of syphilis of aorta with interstitial and parenchymatous neurosyphilis; J. H. Musser, Jr., and A. E.Bennett..... 833
Nuzum, F. R., and Garland, R.: Quantitative amount of lipoid material in kidney and its relation to the functional response in experimental nephritis 108

Obesity, metabolism of; basal metabolism; S. Strouse, C. C. Wang and M. Dye 275
metabolism of; relation between food intake and body weight in some obese persons; S. Strouse and M. Dye..... 267
metabolism of; specific dynamic action of food; C. C. Wang, S. Strouse and A. D. Saunders..... 573
Oil injections, influence of different kinds of oil, introduced into rectum, on gastric secretion; W. N. Boldyreff and J. H. Kellogg..... 726
Oliver, J.: Regulation of renal activity; morphologic study..... 258
—Addis, T., and Myers, B. A.: Regulation of renal activity; effect of unilateral nephrectomy on function and structure of remaining kidney 243
Oppenheimer, B. S., and Fishberg, A. M.: Association of hypertension with suprarenal tumors..... 631
Ottenberg, R., Rosenfeld, S., and Goldsmith, L.: Clinical value of serum-tetrachlorphenolphthalein test for liver function..... 206

Pellagra, case of, its bearing on etiology and cure of disease; G. D. Head.. 93
Pemberton, R., Cajori, F. A., and Crouter, C. Y.: Alleged rôle of lactic acid in arthritis and rheumatoid conditions..... 566
Phenolsulphonephthalein, determination of, in urine in jaundice;; H. A. Abramson 714
Phenoltetrachlorphthalein, reaction of liver to, in obstructive jaundice; W. Bloom and W. H. Rosenau..... 446
clinical value of serum-tetrachlorphenolphthalein test for liver function; R. Ottenberg, S. Rosenfeld and L. Goldsmith..... 206
test of liver function, comparative study of hemoclastic test and; A. Gonzalez and W. G. Karr..... 282
Pilot, I., and Davis, D. J.: Studies in fusiform bacilli and spirochetes; their rôle in pulmonary abscess, gangrene and bronchiectasis..... 313
Pleura, mesothelioma of; I. T. Zeckwer..... 191
Pneumonia, pathology of, caused by Bacillus influenzae during interepidemic period; D. Brannan and E. W. Goodpasture..... 739
treatment of, in children; report to date on our experimental and clinical results, using blood and serum of chickens; H. C. Berger and J. G. Montgomery 866
Pulse, basal pulse rate and pulse pressure changes accompanying variations in basal metabolic rate; J. M. Read..... 553

Rabinowitch, I. M.: Quantitative index of kidney function; thermodynamic considerations in the estimation of renal efficiency..... 365
—and Strean, G.: Hemoglobin content of red blood cells in relation to their surface area..... 124
Read, J. M.: Basal pulse rate and pulse pressure changes accompanying variations in basal metabolic rate..... 553
Reid, W. D.: Mechanism of angina pectoris..... 137
